## THE RESURRECTION

To quote Bishop Barron, *“The resurrection is the be-all and end-all of Christian faith. It is the still point around which everything Christian turns. It is the great nonnegotiable at the heart of our system of beliefs and practices.”*

Without the Resurrection, none of the rest of this makes sense. So important brothers is the Resurrection to our system of belief, to the purpose of our lives. I ask you as I ask myself: What has the resurrection inspired in us?

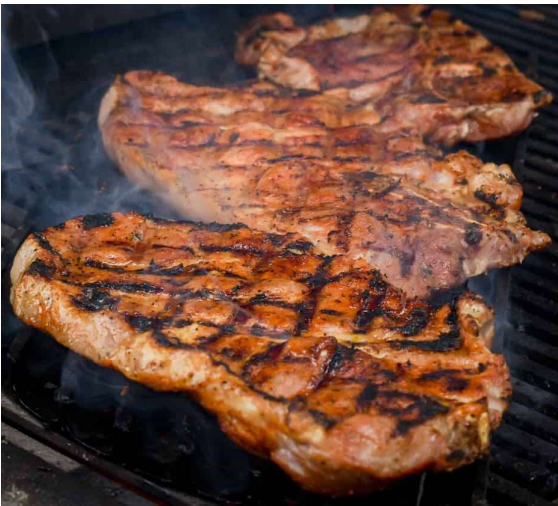

Let the Resurrection make a difference in each of our lives or the Resurrection makes no sense at all.

May our faith in the Resurrection of Jesus permeate every aspect of life that we, too, will be among the countless witnesses down through the centuries, and until the end of time, who will proclaim: He has been raised!

The Resurrection is an invitation because

**one day our tomb will be empty.**
